REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Claims 38, 40-47, 50-51 and 53-61 are pending and allowed.

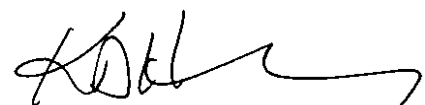

The claims are allowed for the reasons of record, as established prior to allowance and filing of an RCE of this application, including those set forth by applicant in their response of May 03, 2003. All references submitted in applicant's information disclosure statements have been reviewed, including US Patents, Foreign patents and non-patent documents. Applicant's declaration, submitted December 23, 2003, has also been considered. A further search of the prior art has been performed; however, no reference provides a teaching for the use of an enzyme with (at least) the claimed activities of a lipase being able to hydrolyze the recited compounds, in a dough product. While the applicant-submitted article of Drost-Lustenberger & Spendler, "Lipopan F BG...", describes a lipase with the claimed activities and its use in dough products, other articles in the art demonstrate that this enzyme was not publicly disclosed or available until October, 2001. This was well after the instant priority dates. See, for example, the abstract from the 2001 AACC Annual Meeting of October 14-18, 2001, and the article entitled "Lipopan F: Keep the quality – cut your costs" published online from Novozymes, both enclosed. Thus, the instant claims are free of the prior art, and hereby allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Keith Hendricks whose telephone number is (571) 272-1401. The examiner can normally be reached on M-F (8:30am-6pm); First Friday off.
